

# Documentary Film: Living a Global Village

Bocconi ALUMNI  
ASSOCIATION

On the occasion of The Italian Contemporary Film Festival in Toronto, you are all welcome to join us to watch the documentary film “Living a Global Village”.

A group of visionaries and students return to the abandoned Milan Expo, to reimagine the site as a platform to solve contemporary problems. The teams are challenged to rethink how we welcome newcomers, how to create opportunities for young people and how to include people in the development process. What would it look like? What would it be like to live in a global village?

Date and time: June 17h, 2018 at 2 pm

Location: TIFF Bell Lightbox 350 King St. W. Toronto
